- Thursday 25th Feb - Elm Class trip to Museum of London (letters to follow)

Parent Helper Meeting

We would like to invite any new parents and our existing parent helpers who help the children with their reading, to come along to a meeting on 1st February at 9.15am. The aim of this meeting will be to discuss how reading in school is progressing and other opportunities for further training and development if required. We will be explaining routines and procedures as well as offering advice on supporting reading and working with small groups. We look forward to seeing as many of you as possible.

Sweets/Chewing Gum

Can we remind parents that children are not permitted to come into school with any sweets, fizzy drinks or chewing gum etc. We are beginning to see an increase in the number of children bringing in sweets. Children are also reminded that nail polish is not allowed to be worn in school. Please ensure that nail polish is removed before the children come to school – Thank you.

Netball Tournament

We selected 7 girls to play in a netball tournament that took place at Hillcross Primary School yesterday. In all, 4 games were played. We won 1, drew 1 and lost 2! We missed out on the finals by 1 goal and all the games were very close! We were very impressed with the girls who showed great sportsmanship and who also had lots of fun – well done!

Haiti

This week Mrs Jowett and I led assemblies with the children about the events that have taken place in Haiti and the dreadful devastation that has occurred to the people on the island. We shared stories of the survivors and heard about the conditions the people are now living in. We will be holding a fund raising event on Friday 12th February in liaison with the PTA. More details will follow once finalised.

Best wishes for the weekend.

Katharine Davies
